

POLLENS[®]
— GRANITO —

MUDBOX
A magical fusion of earth

BRAND INTRODUCTION

indian heart, worldwide vision

From its headquarters in Morbi, it designs, develops, manufactures and distributes ceramic tiles for two commercial sizes: 60x120cm & 80x160cm. Pollens Granito owns production plants in Morbi with a capacity of over 9 million square meters per year. It produces more than 4,500 Designs that are distributed worldwide through sales offices and warehouses located in Italy, United States, Russia, Germany, India and Hong Kong.

Pollens Granito has a logistics organization geared to respond immediately to the needs of the global market; its skilled team has a market oriented approach, it provides tailor made solutions from design to tiles installation.

Pollens Granito operates in more than 70 countries with large points of sale. In some strategic areas, its international strength is underlined by specific divisions. In order to promptly fulfil the orders that arrive from 4 different continents.

www.pollensgranito.com

A woman in a dark coat stands in profile in a minimalist, brightly lit space. The wall behind her is a large, light-colored panel with a subtle texture. The floor is dark and reflective. The lighting creates a strong shadow of the woman on the floor.

MUDBOX

A magical fusion of earth

600X1200MM | MATT FINISH

AN EXTRAORDINARY LOOK FOR EVERY SPACE

Our products are very adaptable and durable when it comes to design and artistic applications.

Whether you want to create a minimalist home or a stylish space that caters to modern preferences, it makes no difference. Our unique designs increase the possibilities for creating your ideal environment, both indoors and outdoors.

CRAFTING OF MUDBOX

PLUS, PURE & NATURAL RAW MATERIALS

A material that is homogeneous throughout. A solid material which makes no distinction between outer surface and core, made with interpenetrating mixes of different colors. 100% natural mix. Minerals and natural raw materials, combined with an exclusive mix of skilled craftsmanship and exclusive technologies.

INFINITE RANGE OF COLORED MIXES AND FRAGMENTS.

One-of-a-kind production facilities and know-how permit preparation and combination of the extraordinary variety of colored mixes and fragments that go into every **MUDBOX**. Only natural raw materials, **MUDBOX** are made exclusively from prestigious minerals and clays, extracted and worked using sustainable methods. Earth, water and fire: no solvents, resins or chemical additives.

CRAFTING OF MUDBOX

RANDOM MIXING FOR AN EVER-NEW LOOK.

Multiple colored mixes are randomly blended to create a unique, unrepeatably mix in every slab. A system of patented technologies reproduces the randomness of nature and handmade objects. Every single Tiles looks different from all the others. The distribution of the colors and grain, random and unrepeatably, composes a harmony with the unique fascination of nature and hand craftsmanship.

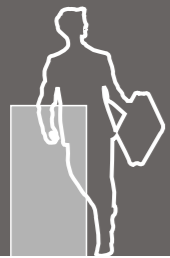

INFINITE RANGE OF COLORED MIXES AND FRAGMENTS.

Pressure and fire: an exceptionally solid material. Powerful presses compact the tiles; ultra-high firing temperatures irreversibly weld and fuse the minerals to create a new material: hard, compact, impermeable, rock solid. Strength, balance, splendour. The natural impact of stone emerges and blends with the technical supremacy of porcelain stoneware, giving life to a stylish and complete range of offerings.

ADVANTAGE & FEATURES

Nature, technology, science and design. Top quality ceramic surfaces by Pollens Granito are compact and impermeable, because they're made from pure minerals pressed and sintered at more than 1200°C. The best choice, for durability, safety, hygiene and beauty.

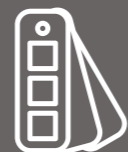

Versatile Size

Available in the grand size, the collection presents you with a perfect tiling solution to create seamless interiors.

Safe & Secure

Non-porous, hygienic, stain and scratch protected, the tiles from this collection are also ice and thermal shock-resistant.

Design Varieties

Available across a spectrum of patterns, the collection offers variety for all kinds of spaces and preferences.

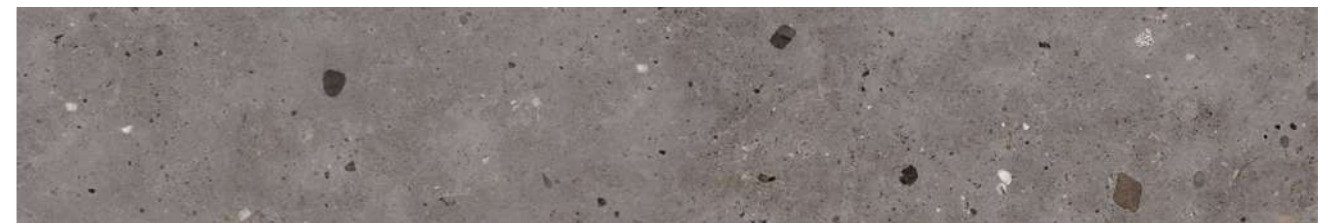

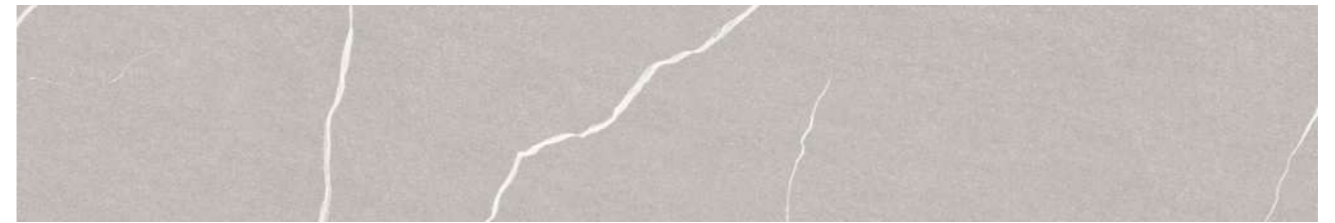

More Sustainable

The collection is made from exceptionally durable and recyclable material, giving it an edge with its ecological and ecofriendliness.
